

Oregon State University
College of Health
H524 Introduction to Biostatistics
Fall 2025

Credit Hours: 04

Room: online

Schedule:

Lecture: Monday, Wednesday 12:00-1:20pm

Lab: Wednesday: 8:00 am – 9:50 am

Course Instructor: Dr. John Molitor

Office Location: 153 Milam

Office Phone: 541-737-3834

E-Mail: john.molitor@oregonstate.edu

Office Hours: Wednesday, 10:00 am – 11:30 am

Course Description:

Quantitative analysis and interpretation of health data including probability distributions, estimation of associations, and significance tests such as chi-squared, one-way ANOVA, and linear regression.

Academic Calendar

All students are subject to the registration and refund deadlines as stated in the Academic Calendar: <https://registrar.oregonstate.edu/osu-academic-calendar>

Instructor Communication

Please contact me privately Canvas inbox for matters of a personal nature.

Expectations for Time and Participation

This course combines approximately 120 total hours of instruction, online activities, and assignments for 4 credits.

Prerequisites

H 524 assumes basic knowledge of statistical concepts and procedures equivalent to that of an undergraduate statistics course, and MTH 105 (Introduction to Contemporary Mathematics) or MTH 111 (College Algebra) or a higher mathematics course.

Learning Resources

Resources include, but are not limited to:

- Lecture Notes
- Reading Assignments
- Discussions in class and on Canvas
- Problem Sets

- In-office help during office hours from both course instructor and lab instructors.

Textbook

Principles of Biostatistics, 2nd edition, 2022
Marcello Pagano and Kimberlee Gauvreau

Measurable Student Learning Outcomes

- Select and generate graphical and numerical summaries of data.
- Use principles of statistical inference to make conclusions about populations from samples.
- Communicate statistical findings to others.
- Use computer software to conduct statistical analysis.

Evaluation of Student Performance

Grading: Tests will be graded according to the following scale. It is possible, however, that adjustments will be made to this scale based on class performance.

Range	Grade
94–100%	A
89–93	A-
84–88	B+
79–83	B
74–78	B-
69–73	C+
64–68	C
59–63	C-
54–58	D+
49–53	D
44–48	D-
Less than 44	F

Evaluation: 30% homework, 30% midterm exam, 30% final exam, 10% class participation.

Homework

Homework will be assigned regularly in class, approximately once a week.

Course Schedule

The proposed schedule is subject to change by the instructor. What follows is a general outline of the proposed topics for discussion as well as the proposed dates. However, if we run out of time, get in a particularly lengthy discussion, or cover a topic more quickly than expected, there will likely be changes to the syllabus.

Week	Topic	Reading Assignment
Week 0:	Introduction to R Data Presentation Numerical Summary Measures	Pagano: Chapters 1, 2, 3
Week 1:	Introduction to R Data Presentation Numerical Summary Measures Rates and Standardization	Pagano: Chapters 1, 2, 3, 4
Week 2:	Probability	Pagano: Chapter 6 (6.1–6.4.2, 6.5)
Week 3:	Theoretical Probability Distributions Sampling Distribution of the Mean	Pagano: Chapter 7 (7.1, 7.2, 7.4), and 8
Week 4:	Confidence Intervals	Pagano: Chapter 9
Week 5:	Hypothesis Testing Midterm exam	Pagano: Chapter 10
Week 6:	Power Comparison of Two Means Analysis of Variance	Pagano: Chapter 11, 12
Week 7:	Nonparametric Methods	Pagano: Chapter 13
Week 8:	Catch-up from Weeks 6 & 7 Contingency Tables Multiple Contingency Tables	Pagano: Chapters 15, 16
Week 9:	Correlation Simple Linear Regression	Pagano: Chapters 17, 18
Week 10:	Simple Linear Regression	Pagano: Chapter 18

Final Exam: Available during finals week.

Diversity Statement

The College of Public Health and Human Sciences strives to create an affirming climate for all students including underrepresented and marginalized individuals and groups. Diversity encompasses differences in age, color, ethnicity, national origin, gender, physical or mental ability, religion, socioeconomic background, veteran status, sexual orientation, and marginalized groups. We believe diversity is the synergy, connection, acceptance, and mutual learning fostered by the interaction of different human characteristics.

Expectations for Student Conduct

The Student Conduct Code establishes community standards and procedures necessary to maintain and protect an environment conducive to learning, in keeping with the educational objectives of Oregon State University. This code is based on the assumption that all persons must treat one another with dignity and respect in order for scholarship to thrive. For the full Student Con-

duct Code see http://studentlife.oregonstate.edu/sites/studentlife.oregonstate.edu/files/code_of_student_conduct.pdf

Academic or Scholarly Dishonesty is prohibited and considered a serious violation of the Student Conduct Code. It is defined as an act of deception in which a Student seeks to claim credit for the work or effort of another person, or uses unauthorized materials or fabricated information in any academic work or research, either through the Student's own efforts or the efforts of another. For specifics related to offenses proscribed by the University see: <http://oregonstate.edu/studentconduct/offenses-0>

Religious Holiday Statement

Oregon State University strives to respect all religious practices. If you have religious holidays that are in conflict with any of the requirements of this class, please see me immediately so that we can make alternative arrangements.

Students with Documented Disabilities

Accommodations for students with disabilities are determined and approved by Disability Access Services (DAS). If you, as a student, believe you are eligible for accommodations but have not obtained approval please contact DAS immediately at 541-737-4098 or at <http://ds.oregonstate.edu>. DAS notifies students and faculty members of approved academic accommodations and coordinates implementation of those accommodations. While not required, students and faculty members are encouraged to discuss details of the implementation of individual accommodations.
