

H524 Group Project - Quick Reference

Last Updated: November 9, 2025

WHAT TO POST TO CANVAS

Main Project Guide (Post Sunday)

File: docs/group_project_overview.pdf (3 pages) - **Post to:** Canvas Files → Group Project folder -
Contains: Everything students need - datasets, data dictionaries, AI guidance, timeline, grading

Week 7 Assignment (Post Sunday)

Upload to Canvas: Week_7/assignments/week7_canvas_quiz.zip - 5 MC questions + 1 file upload for Team Plan check-in - Total: 10 points

Week 8 Assignment (Post Week 8)

Upload to Canvas: Week_8/assignments/week8_canvas_quiz.zip - 9 MC questions + 1 file upload for Progress Update - Total: 10 points

Week 9 Assignment (Post Week 9)

Upload to Canvas: Week_9/assignments/week9_canvas_quiz.zip - 7 MC questions + 1 file upload for Presentation Readiness - Total: 10 points

INSTRUCTOR REFERENCE MATERIALS

Answer Key

File: docs/answer_key_weeks_7_8_9.pdf - All MC answers with explanations for Weeks 7, 8, 9

Deployment Guide

File: IMPLEMENTATION_SUMMARY.pdf (or .md) - Step-by-step instructions for launching the project - Timeline, grading structure, expected workload

Dataset Analysis

File: DIVERGENCE_SUMMARY.pdf (or .md) - Why each dataset was chosen - AI divergence testing results - Sample prompts used for testing

FILE STRUCTURE

Group_project_John/

docs/

group_project_overview.pdf	← POST TO CANVAS (main guide)
answer_key_weeks_7_8_9.pdf	← Instructor use only
week7_assignment.pdf	← Optional student reference
week8_assignment.pdf	← Optional student reference
week9_assignment.pdf	← Optional student reference

Week_7/assignments/ week7_canvas_quiz.zip	← UPLOAD TO CANVAS
Week_8/assignments/ week8_canvas_quiz.zip	← UPLOAD TO CANVAS
Week_9/assignments/ week9_canvas_quiz.zip	← UPLOAD TO CANVAS
group_1/ through group_4/ [dataset].csv	← Dataset for each group
divergence_test_[dataset].R	← Testing script (instructor reference)
roster.txt	← Student assignments
IMPLEMENTATION_SUMMARY.pdf	← How to deploy everything
DIVERGENCE_SUMMARY.pdf	← Dataset selection rationale
group_assignments.csv	← Student → Group mapping
random_group_assignment.R	← How groups were created

DEPLOYMENT CHECKLIST

Sunday (Project Launch): - ☐ Upload group_project_overview.pdf to Canvas Files - ☐ Upload week7_canvas_quiz.zip to Canvas Quizzes - ☐ Post Week 7 assignment (make it available) - ☐ Upload datasets to Canvas Files → Group_Project_Data folders

Week 8 Sunday: - ☐ Upload week8_canvas_quiz.zip to Canvas Quizzes - ☐ Make Week 8 assignment available

Week 9 Sunday: - ☐ Upload week9_canvas_quiz.zip to Canvas Quizzes - ☐ Make Week 9 assignment available

Week 10: - ☐ Presentations (Mon: Groups 1&2, Wed: Groups 3&4)

Finals Week: - ☐ Collect final reports (Wed 11:59pm deadline)

KEY POINTS

1. **Single Source of Truth:** docs/group_project_overview.pdf has everything students need
 2. **QTI Zip Files:** Upload to Canvas Quiz tool (not Files)
 3. **Check-ins:** Built into weekly quizzes as file upload questions
 4. **Grading:** Weekly assignments 60% (includes check-ins), Group Project 25%, Participation 15%
 5. **All Computational Answers:** Verified with R scripts (in group folders)
-

Questions?

See IMPLEMENTATION_SUMMARY.pdf for detailed deployment instructions.
