

H524 Group Project Detailed Grading Rubric

Fall 2025

Team: _____ Date: _____ Evaluator: _____

Component	Weight	Excellent (90-100%)	Good (80-89%)	Satisfactory (70-79%)	Needs Improvement (<70%)	Score
1. Research Question & Literature Review (15 points)						
Research Question Clarity	5 pts	Clear, specific, measurable question with public health relevance	Well-defined question with minor clarity issues	Basic question but lacks specificity	Unclear or inappropriate question	--/5
Literature Review	5 pts	Comprehensive review with AI-assisted synthesis, 8+ relevant sources	Good review with 5-7 relevant sources	Basic review with 3-4 sources	Insufficient or irrelevant sources	--/5
Gap Identification	5 pts	Clearly identifies specific knowledge gap addressed	Identifies general gap in literature	Vague connection to literature	No clear gap identified	--/5
2. Data Management & Exploration (20 points)						
Data Cleaning	5 pts	Thorough cleaning with clear documentation of decisions	Good cleaning with most issues addressed	Basic cleaning with some issues remaining	Inadequate data preparation	--/5
Missing Data Handling	5 pts	Appropriate strategy with justification (e.g., imputation, complete case)	Reasonable approach with basic justification	Simplistic approach (e.g., deletion only)	Missing data ignored or handled incorrectly	--/5
Exploratory Analysis	5 pts	Comprehensive EDA with distributions, outliers, patterns identified	Good exploration of main variables	Basic summary statistics only	Minimal or no exploration	--/5
Data Visualization	5 pts	Professional, informative plots with clear labels and interpretation	Good visualizations with minor issues	Basic plots with limited information	Poor or missing visualizations	--/5

Component	Weight	Excellent (90-100%)	Good (80-89%)	Satisfactory (70-79%)	Needs Improvement (<70%)	Score
3. Statistical Analysis (30 points)						
Method Selection	8 pts	Appropriate methods with clear justification based on data type and research question	Appropriate methods with basic justification	Methods mostly appropriate with some issues	Inappropriate methods for data/question	--/8
Analysis Execution	8 pts	Correct implementation with all assumptions checked	Mostly correct with minor errors	Some errors in implementation	Major errors or incomplete analysis	--/8
Model Diagnostics	7 pts	Comprehensive diagnostics (VIF, residuals, influence, etc.)	Basic diagnostics performed	Minimal diagnostic checking	No diagnostics performed	--/7
Sensitivity Analyses	7 pts	Multiple relevant sensitivity analyses with interpretation	One or two sensitivity analyses performed	Basic sensitivity check only	No sensitivity analysis	--/7
4. AI Integration & Documentation (20 points)						
AI Tool Usage	5 pts	Strategic use of multiple AI tools throughout project	Good use of AI tools in most areas	Basic AI tool usage	Minimal or no AI integration	--/5
Documentation Quality	5 pts	Complete log with prompts, outputs, and verification for all major tasks	Good documentation with most AI usage logged	Basic documentation with gaps	Poor or missing documentation	--/5
Verification Process	5 pts	Thorough verification of all AI outputs with clear methods	Most AI outputs verified	Some verification performed	No verification evident	--/5
Reflection on AI Use	5 pts	Insightful reflection on benefits, limitations, and lessons learned	Good reflection with some insights	Basic reflection provided	No reflection on AI use	--/5
5. Presentation & Communication (15 points)						
Presentation Quality	5 pts	Professional, engaging, within time limit, smooth transitions	Good presentation with minor issues	Adequate but lacks polish	Poor delivery or significantly over/under time	--/5
Visual Aids	3 pts	Clear, professional slides that enhance understanding	Good visuals with minor improvements needed	Basic visuals that convey information	Poor or distracting visuals	--/3

Component	Weight	Excellent (90-100%)	Good (80-89%)	Satisfactory (70-79%)	Needs Improvement (<70%)	Score
Q&A Performance	3 pts	Confident, accurate responses demonstrating deep understanding	Good responses to most questions	Basic responses with some uncertainty	Unable to answer questions adequately	--/3
Team Coordination	4 pts	Seamless collaboration, equal participation evident	Good teamwork with minor imbalances	Some coordination issues visible	Poor team coordination	--/4
TOTAL SCORE:						--/100

Additional Comments:

Deductions (if applicable):

- Late submission: -5 points per day
- Missing team member during presentation: -5 points
- Failure to submit code: -10 points
- Academic integrity violations: See course policy
